

## THE COLLEGE STUNT ASSOCIATION ANNOUNCES SEASON FIVE ALL AMERICANS

**Memphis, Tenn., (June 8, 2015)** – The College STUNT Association, under the leadership of USA Cheer, has announced this season’s All Americans.

This year’s STUNT All Americans were selected by a committee of coaches from various regions along with several STUNT officials. Nominees for All American are athletes who exhibited superior skills and techniques, good game sense and knowledge of STUNT, and were in good academic standing. They also needed to have participated in at least half of the games or tournaments for at least 50 percent of the routines.

“We are so impressed with the athleticism and enthusiasm of our STUNT All Americans,” says Bill Seely, Executive Director of USA Cheer. “They played a major role in the success of their teams and represented our sport with dignity and grace. I think we can attribute the popularity of STUNT to the dedication of these fine athletes.”

Women’s STUNT, the new varsity sport derived from cheerleading launched by USA Cheer, has just finished its fifth season at the college level and fourth for high school. With more than 50 colleges having already participated over the past 5 seasons, and high schools from over 10 states already on board, STUNT is the fastest growing girls sport in the country. Developed to meet the requirements of a sport under Title IX, girls STUNT takes the athletic skills of cheerleading—like jumps, stunts and tumbling—and creates a full, hour long format that challenges teams to head-to-head competition

Twenty-four First Team All Americans were chosen for the 2015 season of STUNT, along with 24 Second Team All Americans and 10 Honorable Mentions; a full list can be found on <http://collegestunt.org>.
